

News Release

Suven to Present at Bio-Europe Spring 2016 conference being held at Stockholm, Sweden.

HYDERABAD, INDIA (Apr 04, 2016) – Several exciting new results and data presentations from Suven's portfolio of investigational neuroscience new chemical entities (NCEs) are being presented at Bio-Europe Spring 2016 in Stockholm, Sweden between April 4-6, 2016.

BIO-Europe Spring® is the premier springtime partnering conference which annually attracts an international "who's who" from biotech, pharma and finance for three days of high caliber networking.

BIO-Europe Spring's partnering ONE®, enables delegates to efficiently identify, meet and get partnerships started with companies across the life science value chain, from large biotech and pharma companies to financiers and innovative start-ups.

During BIO-Europe Spring 2016 partnering conference, Suven lined up several face to face meetings with major Pharma, Biotech and financial companies to explore potential partnering and out licensing of the clinical candidates SUVN-502, SUVN-G3031, SUVN-D4010 and pre-clinical candidate SUVN-911.

Mr.Venkat Jasti is scheduled to discuss the company's corporate overview, business strategy and clinical development pipeline at BIO-Europe Spring 2016 where the world's top notch investment professionals will present along with the most innovative companies who are decision makers.

Suven's near-term focus is to develop the product candidate SUVN-502, for the treatment of Alzheimer's disease and other forms of dementia with the ongoing phase 2a multicenter, randomized, double-blind, parallel group, 26-week, placebo-controlled study of 50 mg and 100 mg of suvn-502 in subjects with moderate Alzheimer's disease currently treated with Donepezil Hydrochloride and Memantine Hydrochloride.
